

## About Us

CityCommit exists to transform our communities through greater men, marriages, fathers, and leaders. We believe that individual lives are transformed when truth and relationships intersect. When partnered together, Biblical truth integrated with authentic relationships leads to life transformation.

CityCommit accomplishes our mission and vision through hosting micro-groups of men in authentic community, organizing events, and collaborating with other community entities.

## How We Serve

### Micro-Groups

Micro-Groups create a place to belong for a group of three to five men. We are passionate about establishing and nurturing micro-groups because every man needs a place to belong in a world that is lonely and disconnected.

### Events

There are several event opportunities throughout the year. CityCommit regularly hosts:

- Leadership and Outreach Breakfasts
- Digital Coffee
- Pastor Luncheons

### Collaboration

CITYCommit is primarily a marketplace initiative in Southwest Florida. Our focus, emphasis, and influence is outside the four walls of the church. We accomplish this by partnering with businesses, schools, and other community organizations to serve our region

## Why CityCommit?

CityCommit is addressing a key issue that leads to many of our crises today - loneliness. We create places of belonging for men which in turn leads to better men, fathers, and husbands. Statistics and research fuel our vision to focus on tackling loneliness and aloneness in men.

- 15% of men have zero close friends. (American Survey Center)
- 58% of men feel lonely or alone. (Forbes)
- 70% of new leaders are lonely. (Harvard Business Journal)

## Our Mission:

Transforming our communities through greater men, marriages, fathers, and leaders.

## Our Vision and What's Next:

CityCommit is committed to providing solutions for the male loneliness epidemic. Over the next five years, we have a vision to support more men find a place to belong through the following steps:

- Create and implement a new website for storytelling, training, and curriculum.
- Produce compelling videos for storytelling and training.
- Intentional monthly and quarterly events to gather, fellowship with, and collaborate with men in the business, nonprofit, and church communities.
- Build our co-vocational staff team in both size and hours to grow our reach and scalability.
